# Security Training Notifications For The Whole Team

---

Subject: Security Awareness Training with {Company Name}!

Hi {First Name},

You have been enrolled in required security awareness training! Before you release that heavy sigh, don't worry.

This is brief and entertaining training like you have never experienced before, and it's worth your time.

Not convinced? Check out some of these facts:  
Did you know that 1 in 13 web requests end in malware?  
On average, hackers attack 2224 times a day.  
\$3.9 million is the average cost of a data breach.

Here at {Company Name}, we want to give you the tools you need to protect yourself and the team from cyber attacks and these courses will equip you with the knowledge you need to succeed.

If you haven't received a course enrollment already, you can expect to receive an email from support@hooksecurity.co with the details.

Please reach out if you have any questions!

---

Subject: {Company Name} Upcoming Cyber Security Course Enrollments

Hello {First Name},

{Company Name} will be enrolled in courses to meet compliance standards and improve our culture of security awareness.

While these are required courses, we prioritized training that would not only teach the concepts needed to succeed, but also do it in an accessible, brief, and entertaining manner.

If you haven't already, please expect to receive courses from support@hooksecurity.co in the coming days with your login instructions and kindly complete your courses by the due date that will be listed.

Please reach out if you have any questions regarding the upcoming enrollments!

# Training Notifications For Leadership Teams

---

Subject: Upcoming Security Awareness Training with {Company Name}!

Hello {First Name},

{Company Name} will begin Security Awareness Training to equip our team with the tools they need to successfully recognize and respond to manipulation through technology!

This is a two fold plan that includes phishing simulations and course enrollments, both of which aid us in meeting compliance requirements.

We are informing you as a leader within the company to inform your team of the training they will receive and hold them accountable to completing it.

Thank you for your help as we continue to create a secure culture at {Company Name}.
